

YARAMADA SANJITH REDDY

Front-End Developer | B.Tech [2nd year] |

✉ sanjithreddy08@gmail.com | ☎ +91 75694 42081 | 📍 Hyderabad, India | Portfolio:

OBJECTIVE

Enthusiastic front-end developer with hands-on experience in HTML5, CSS3, JavaScript (ES6+), and React.js, eager to contribute to CollEdge Connect's mission of bridging students and brands. Adept at building responsive, cross-browser-compatible UIs and passionate about clean, performant code. Seeking the Front-End Development Internship to bring real impact to a fast-paced startup environment.

TECHNICAL SKILLS

Core Languages: HTML5, CSS3, JavaScript (ES6+), DOM Manipulation, REST API
Framework / Library: React.js, React Hooks
Styling: Flexbox, CSS Grid, Responsive Design

Tools & Version Control: Git, GitHub, VS Code
Cross-browser: Chrome DevTools, Firefox DevTools
Soft Skills: Team Collaboration, Self-motivated, Detail-oriented

PROJECTS

1. E-Commerce Store Application

| HTML5 | CSS3 | JavaScript | REST API

- Developed a responsive e-commerce platform with dynamic product rendering and category-based filtering.
- Implemented shopping cart and wishlist functionality using Local Storage.
- Integrated REST APIs to fetch real-time product data and improve user experience.
- Optimized performance through lazy loading and efficient DOM manipulation.

2. Task Management Dashboard

| React.js | CSS3 | JavaScript

- Built a productivity dashboard with drag-and-drop task organization and progress tracking.
- Developed reusable React components using hooks and state management.
- Implemented task persistence using Local Storage.
- Improved UI responsiveness and user engagement through optimized component rendering.

3. Netflix Clone

| React.js | JavaScript | TMDB API

- Designed a Netflix-inspired streaming interface with dynamic movie recommendations.
- Integrated TMDB API to display trending, popular, and top-rated content.
- Implemented search functionality and trailer previews.
- Enhanced performance using lazy loading and optimized API requests.
