Portfolio: <https://sanjith-portfolio-vcym-sanjithreddy08-7244s-projects.vercel.app/>

OBJECTIVE

Enthusiastic front-end developer with hands-on experience in HTML5, CSS3, JavaScript (ES6+), and React.js, eager to contribute to ColEdge Connect's mission of bridging students and brands. Adept at building responsive, cross-browser-compatible UIs and passionate about clean, performant code. Seeking the Front-End Development Internship to bring real impact to a fast-paced startup environment.

TECHNICAL SKILLS

Core Languages: HTML5, CSS3, JavaScript (ES6+), DOM Manipulation, REST API, TypeScript

Framework / Library: React.js, React Hooks, Tailwind CSS, Vite

Styling: Flexbox, CSS Grid, Responsive Design

Tools & Version Control: Git, GitHub, VS Code

Cross-browser: Chrome DevTools, Firefox

Soft Skills: Team Collaboration, Self-motivated

PROJECTS

1. E-Commerce Store Application

| HTML5 | CSS3 | JavaScript | REST API

- Developed a responsive e-commerce platform with dynamic product rendering and category-based filtering.
- Implemented shopping cart and wishlist functionality using Local Storage.
- Integrated REST APIs to fetch real-time product data and improve user experience.
- Optimized performance through lazy loading and efficient DOM manipulation.

2. Task Management Dashboard

| React.js | CSS3 | JavaScript

- Built a productivity dashboard with drag-and-drop task organization and progress tracking.
- Developed reusable React components using hooks and state management.
- Implemented task persistence using Local Storage.
- Improved UI responsiveness and user engagement through optimized component rendering.

3. Portfolio Website

| React.js | Vite | TypeScript | Tailwind

- Designed and developed a fully responsive personal portfolio website showcasing projects, technical skills, certifications, and contact information.
- Built reusable React components and implemented modern UI/UX principles to create an engaging user experience across desktop and mobile devices.
- Integrated GitHub and Vercel for version control, continuous deployment, and seamless project updates.
- Optimized website performance, responsiveness, and accessibility to provide a professional online presence for recruiters and potential employers.
